

Declaration of Conformity

For desiccant materials silica gel

Microbiology

All used components for the production and also the finished product are free of pathogenic germs, mould or other etiologic agent.

Allergen Risk 1169/2011/EC (Annex II)

All used components for the production and also the finished product do not contain substances causing allergies or intolerances.

BSE Risk

All used components for the production and also the finished product do not contain substances with animal origin and are free from BSE risk – corresponding to „Guidance on the Risk of Transmitting animal Encephalopathy (CPMP/BWP/1230/98)“.

Kosher

All used components for the production and also the finished product are kosher and do not come in contact with any non-kosher substances in the course of production and packing.

HALAL

All used components for the production and also the finished product are free from ethyl alcohol as well as animal products (even in minute traces).

REACH / SVHC

All used components for the production and also the finished product do not contain any Substances of Very High Concern (SVHC) in a concentration $\geq 0.1\%$ [w/w] (last update to SVHC Candidate List).

ZVerV (German regulation of Additives for technical purposes)

Decree on the Demands regarding additives and the use of additives for technological purposes (Decree on the Use of Additives ZVerkV) of 29 January 1998 (BGBl. I p. 230, 269), last modification by article 2 of the Decree of 28 March 2011 (BGBl. I p. 530)

1935/2004/EC

Regulation (EC) No 1935/2004 of the European Parliament of 27 Oct. 2004 on materials and articles intended to come into contact with food and repealing Directives 80/590/EEC and 89/109/EEC. (Rev. 596/2009 EG 18. June 2009)

450/2009/EC

European Regulation (EC) No 450/2009 of the European Parliament Council of 29 May 2009 on active and intelligent materials and articles intended to come into contact with food.

1060/2013/EC

European Regulation (EC) No 1060/2013 of the European Parliament of 29 October 2013 concerning the authorization of bentonite as a feed additive for all animal species.

94/62/EC

European Directive 94/62/EC, last amendment by EG 212/2009 of 31st March 2009 as well as European Standard EN 13428:2004 with regards to the heavy metal content. The sum of concentration levels of lead, cadmium, mercury and total chromium does not exceed 100 ppm.

2011/65/EU (2015/863/EU)

European Directive 2011/65/EU of 08 June 2011 relating to the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 2) and Commission delegated Directive 2015/863/EU amending Annex II to 2011/65/EU (RoHS 3)

1895/2005/EC

European Regulation (EC) No 1895/2005 of 18 November 2005 on the restriction of use of certain epoxy derivatives in materials and articles intended to come into contact with food.

Absence of Substances Declaration

All used components for the production and also the finished product do not contain any of following substances:

- Benzophenone • Phthalates
- Bisphenol A and S • Tallow
- Latex • Melamine
- Butylated hydroxytoluene (BHT) • Asbestos • Butylated hydroxanisole (BHA)
- Genetically modified organism (GMO)

- Dimethylfumarate
